Korean Kid's Drawing

The first thing you'll notice aside from its many storyboards are the friendly and warm staffs who will welcome you with their smiles. These in fact are the many things that this Korean Family took notice when they arrive. The warm and sincere welcome from the staffs made them feel at home. Their kids love to swim a lot that even if they spent almost the entire day at Rock Islands, they even stayed at the Water park to continue their fun. Before leaving to go back to Korea, these cute little kids made a simple souvenir for the staffs to remember them by. They wrote and describe how they love Palau, the staff and Airai Water Paradise Hotel!!!
