Airai Water Paradise Hotel Aug Newsletter

The Glatz Family

This lovely family is from Chicago, Illinois. Because of their father's job, they've been staying in Japan for many years. The kids are very good at speaking Japanese. Their talking and laughing injected a lot of happy atmosphere into AWP!

Since there were many kids, the cautious parents communicated with hotel manager through a bunch of emails. From room assignment to tour recommendation.....AWP hotel's considerate plan and careful care made the whole family enjoy their Palau vacation pretty much!

As soon as they were back, they became AWP's Facebook Fan!!

US Peace Corps

Airai Water Paradise Hotel & Spa welcomed the arrival of 25 US Peace Corps Volunteers from different countries in Micronesia.

The conference was an important milestone for them. They shared what they have learned during this 2-year volunteer life.

AWP's customized conference package (from conference room decoration to all the meals) were deeply praised by all the young volunteers. Their leader, Ms Emily, said happily: "We do appreciate what AWP did for us!"

Spongebob Afternoon Tea

"Spongebob Afternoon Tea" is extremely popular this summer! This was originally designed for Taiwanese kids. However, it is requested by many guests from all around the world. The cute girl, Aiko, asked her mom to share the Spongebob with her! The kids' satisfactory smiles encourage us to launch more kids' enjoyable package!
